

# The DEEP STATE PROBLEM

An Intercessory Intel Report by Intercessors for America

Deep state. Shadow government. Both terms describe entities operating with their own agenda, secretly, subversively and without check. Some have called it a “silent coup”. It is like a dangerous current moving unseen under the water.

Use this **Prayer Guide** to give strategy to your prayer time. The guiding Scripture for this prayer effort is [John 3:20](#):

*Everyone who does evil hates the light, and will not come into the light for fear that their deeds will be exposed.*

## PRAYER AGENDA:

Ask God to bring “light to the darkness” in our government and in positions of power involving our nation. Pray for the people on the reverse side who are alleged to be a part of deep state activities, and pray for those who are leading the effort to unveil them. Pray for our President and his Administration as they battle these efforts. Pray for truth, justice and restoration of integrity in our government and leaders. Continue to pray about this struggle for power that is so obviously a spiritual issue.

## Prayer against the Deep State and for Truth

***Pray for overall discernment of the Deep State—the concept, the spirit behind it, and the harm to our nation. Make notes in a personal prayer journal on what God reveals to you during your prayer time.***

**Deep State:** *noun* a body of people, typically influential members of government agencies or the military, believed to be involved in the secret manipulation or control of government policy.

Leaks. Organized resistance. Interagency confusion and sabotage. Unfounded allegations. Unrelenting personal smears. These things are more than just typical bureaucracy. They result from strategic power-plays by factions deep within the government itself. Actions take place hidden from public view—often with media complicity to further their stories and claims.

Deep State often has the strategic cooperation of well-placed players within departments that leak, surveil, operate outside the law and advance an agenda—and oppose all those who stand in their way.

An example of deep state activity has played out before our very eyes recently, with the revealed [texts](#) and actions of FBI highly-placed Special Agent Peter Stroz. His collaboration with others in government to “**make sure it doesn’t happen**” when speaking about the election of President Donald Trump. “**We’ll stop it,**” he [texted on August 8, 2016](#), to paramour and fellow FBI employee Lisa Page. The [Inspector General report](#) concludes that this (among other actions) is problematic because it

“implies a willingness to take official action to impact the presidential candidate’s electoral prospects. This is antithetical to the core values of the FBI and the Department of Justice.” Stroz and Page are not alone. Communications show [a coordinated group effort](#) using agency time and resources, to defeat President Donald Trump.

The [latest](#) of the [FISA warrant](#) activity and [unmasking](#) shows the methods of these participants. How rules are broken, spying is hidden and how media members are included in propagating a narrative and how the public and sometimes Congress, is never the wiser. Every day it seems there are [new revelations](#) such as [planned leaks](#) of false information, and other [subversive activities](#).

Just recently, Project Veritas [released the first of multiple undercover videos of people involved in deep state](#) activity. These videos are raw footage of people currently working in government agencies who are knowingly working against our country. Click [here](#) to watch the first release. Additionally, action has been taken by President Trump for FISA-related [items to be declassified](#) so that the public can see the context and magnitude of the efforts to subvert the Donald Trump presidency and those who voted for him.

Take a moment and pray about the [hidden agendas](#) and illegal actions in our government. These plans are being uncovered before us at this moment. Some news outlets will cover it—some will not. Pray that any plan to [undermine](#), harm, derail and [subvert](#) elected officials would be uncovered. Pray that any conspiracy plans would be revealed and any illegal acts prosecuted. Ask God to clean house in our government!

**Pray about the people associated with Deep State actions. While we cannot know all the players, pray for those we are aware of, that the truth would be revealed about their hidden involvement, and that these players would be transformed for Christ.**

**Pray Jeremiah 7:8, that their lying words would not profit. This is ultimately a spiritual battle—pray for victory against the plans of the enemy, as in Ephesians 6:12.**

## Who are the Deep State Players?

### How high up?

It is unknown who was calling the shots on the FISA court fraud and unmasking that went on. Pray about these unknown leaders who had authority to call these shots.

### John Podesta

John Podesta is heavily involved in the [Media Matters](#) organization, a group that is currently [working with Facebook](#) to "fight fake news" which is really a form of censorship of conservatives.

### John Brennan

Former CIA Director John Brennan, who has emerged as a Deep State player, [part of pushing the Russia fake scandal](#).

### Peter Stroz

FBI Agent Peter Stroz's [texts](#) showing planned activity against candidate and President Trump has made him the unofficial poster boy for the Deep State.

### And then there's the media...

Pray also about the role of media in the propagating of the deep state message and activity. Some reporters and [media outlets](#) have been found to have colluded in publishing false stories planted by Deep State players, still other outlets and platforms are suppressing Conservative stories and messages on social media and the internet. Pray for truth for the people who have the power over the airwaves, the ink and the internet.

### Unknown

Hundreds of federal employees like [Stuart Karaffa](#), working in various departments in our nation, are being asked to or are complying with orders to hide, wipe, alter, divert, and divulge, all in the name of an individual, group or party's agenda.

### George and son, Alex Soros

[George Soros](#) is one of the most prolific funders of progressive and socialist groups and foundations. His actions have funded deep state activities for decades. Open Society is his main foundation that disperses monies to fund subversive groups and paid protesters.

*Pray about these other players in the news that are emerging as part of deep state activity:*

[Bruce and Nellie Ohr](#)

[Christopher Steele](#)

[James Comey](#)

[Andrew McCabe](#)
