The Mueller report was delivered to the Justice Department on March 22, where it was summarized for the public in a four-page brief. It outlined the findings—or lack of any findings—of obstruction or collusion with Russian agents by President Trump. What happened next was shocking. Instead of relief from no findings of foul play, the conclusive findings failed to appease the partisans in Congress or the liberal media. It set off a frenzy of continued hearings and plans to disregard the result of the 2-year investigation, and attempted to find a way—some way—to charge the President. Below is the timeline from the Mueller Report to today. Click into each link for background information. Pray that efforts to further push a false narrative and impeachment would fail, and that instead, truth and justice would prevail.
Pray as the Justice Department gets to the bottom of the false narrative of the Russia hoax. Who initiated it? Who broke the law? Will they be held accountable? Will there be justice?

These people are exposing the reality behind the obstruction and collusion allegations.

With all of the hearings, investigations, and media coverage on trying to find fault with the President, few are looking at the story behind the controversy. Pray for these people who are pursuing the truth when many aren’t even looking for it. Pray for protection for each of them as they uncover those who were in the shadows pulling strings to implicate the President. Pray that justice would be served, and those in our government who assisted in these false charges would be removed from their positions.
